

Part Numbers: Use the model number of the tank followed by the index number for the item in question to determine the part number – i.e. FDS-2020A-11 Air Motor.

Items 44, 47, 56, 59 and 60 are available as an option in stainless steel – to order stainless steel version, add suffix “SS” to part number.

Certain items are not exactly as shown and/or are only available as part of a kit.
